**MY BEST SCIENCE EXPERIMENTS FOR KIDS:**
EXPERIMENTS AND FUN ACTIVITIES WITH GLOW STICKS

**STUFF YOU NEED:**

1. **GLOW STICK PENDANTS**
   (6 inches (152mm) long and 10mm (0.39 inches) thick)
   GLOW STICK BRACELETS
   (8 inches (203mm) long and 5mm (0.2 inches) thick)

2. **MASON JARS**

3. **PAINT BRUSH AND BLACK CARDSTOCK**

4. **GLITTER AND SEQUINS**
   Optional: Balloons, snap-together plastic eggs

**WARNING**

IT IS YOUR RESPONSIBILITY TO KEEP YOUR CHILDREN SAFE. Check Wikipedia (link on my page) to see the exact chemical contents of light sticks. The chemicals are contained in a GLASS TUBE which you have to snap for some of these activities. USE GLOVES TO PROTECT YOUR HANDS. ACTIVITIES MARKED WITH AN ASTERIX ARE BEST CARRIED OUT BY AN ADULT.

**GLOW STICK PAINTING**

SNAP A PENDANT GLOW STICK AND USE THE CONTENTS TO PAINT ON BLACK CARDSTOCK.

**GLOW STICK LANTERNS**

TAKE A PENDANT GLOW STICK AND SNAP THE CONTENTS INTO A MASON JAR HALF-FILLED WITH WATER.

THE LANTERN CAN BE PLACED IN YOUR CHILD’S BEDROOM BUT WILL ONLY LAST OVERNIGHT.

**EASTER BUNNY SURPRISE**

PLACE PENDANT GLOW STICKS INSIDE THE EGGS TO MAKE THEM GLOW FOR A FUN EASTER EGG HUNT.

YOU CAN ALSO MAKE GLOW IN THE DARK BALLOONS!
